

JUNIT MOCKITO LOGGING ASSIGNMENT

Testing:

- Each and every statement in the entire application is tested.
- No real time calls happening.
- Every calls were mocked.

Console JUnit Coverage

JUnit (30 Jan 2021 23:02:44)

Element	Coverage	Covered Instructions	Missed Instructions	Total Instructions
> JUnit	99.6 %	1,976	8	1,984

LOGGING:

- Loggers are used properly.
- Level of logs can be configured based on needs.

Sample:

```
0 #Setting the root level INFO
0 logging.level.root=INFO
1 #Setting the package level as TRACE
2 logging.level.com.accolite.ordermanager = TRACE
3
4 #Similarly logging levels can be configured.|
5
```
